Stay Alert - Conditions Change

On the trails, the depth and condition of the snow can be affected by skier use and variable weather conditions. The ground surface is uneven; please be alert for rocks, brush and bare spots.

Trail Safety

- Select tours to meet your ability level.
- If skiing on the lake, stay on the groomed areas.
- Before departing, check trail conditions.
- Follow trail direction signs. Ski to right on 2 way trails.
- Never ski/snowshoe on a closed trail.
- Descending skiers have right of way; always maintain control of your speed.
- Do not stop on any slope or trail where you might cause a collision with skiers or snowshoers.
- When crossing any road, remove skis/snowshoes and watch for traffic.
- Trail grooming is routinely in progress on trails; be prepared.

We hope your visit was enjoyable. Each season, we strive to improve our trails, services and programs. Your feedback is welcome.
